Challenges faced in conducting the Meet Today:

1. Due to the intermittent failure of power supply, the internet connectivity has interrupted very frequently making many participants log off involuntarily.
2. As the lack of proper technical support in the form of a better system with a reliable storage capacity and proper recording of the meet has de-moralized the volunteers of the event.

Alumni Participation in the Meet:

More than 20 alumni members have participated in the meeting even. On some or the other pre-text, many members have not joined. But, whoever have joined have given an extraordinary feed back about the college and the faculty and staff.

Requirements for forthcoming Meets:

1. Reliable Internet Connection
2. An high end laptop with at least 2 TB of hard-disk capacity for recording all the meets.
3. An external hard disk with 2 TB capacity for storing the data.
4. Dedicated technical staff support in terms of trouble shooting and solution finding instantly.
