Subject: Power Shutdown for Energy Conservation Day Commemoration

Dear all,

As part of our ongoing commitment to energy conservation and sustainability, the college will be shutting down power for one hour every year on Energy Conservation Day, which falls on December 14th.

During this hour-long power shutdown, all electrical appliances, including lights, computers, air conditioners, and other equipment will be switched off across the campus. We urge everyone to cooperate with this initiative and support our efforts towards a greener tomorrow.

This year's power shutdown will take place on December 14th, 2017, from 2:00 pm to 3:00 pm.

We request all faculty, staff, and students to plan accordingly and ensure that they save all their work on computers and switch off all electrical appliances before the power shutdown. We also encourage everyone to use this time to reflect on their energy consumption patterns and think of ways to reduce their carbon footprint.

We appreciate your cooperation and support in our efforts towards a greener and more sustainable future.

Sincerely,

Letter of appreciation

To

Prof. Drakshayini,
Head of the Department,
Computer Sciences Department,
International Institute of Business Studies

Subject: Appreciation letter for using battery powered vehicle

Dear Drakshayini,

It gives us immense pleasure and pride to issue this appreciation letter to you for using battery powered ebike for your daily commute to the campus. For your contribution towards environmental sustainability and addressing the pressing issue of pollution through using ebike, you will be an inspiration to all other students and staff.

We all thank you and wish you all the best.

Subject: Ban on the Use of Plastic on Campus

Dear Students,

This is to inform all the students and staff about regarding the usage of plastic on campus for the academic year 2018-2019.

The decision to ban plastic aligns with our college's commitment to environmental sustainability and our responsibility towards creating a greener and cleaner campus.

In light of this, we kindly request all the students and faculty, utmost cooperation and adherence to the following guidelines:

- The use of single-use plastic items such as plastic bags, straws, bottles, cutlery, and food containers is strictly prohibited on campus.
- We encourage you to opt for reusable alternatives, such as cloth bags, steel or glass bottles, and biodegradable food containers.
- All college events, gatherings, and functions should be conducted in a plastic-free manner. Please avoid using plastic decorations, plates, cups, and any other non-biodegradable items during such occasions. We encourage the use of eco-friendly materials and alternatives.
- Reporting Violations: If you notice any violation of the plastic ban or come across instances where plastic is being used on campus, we urge you to report it to the designated authorities promptly. Together, we can ensure effective implementation of this ban and create a plastic-free environment.

We believe that each one of you has the power to make a positive impact through your choices and actions. By embracing this plastic ban, we can collectively contribute to a healthier and more sustainable future.

Let us work together to protect our environment and make our campus a shining example of sustainability. We appreciate your understanding and cooperation in this matter.

Subject: Power Shutdown for Energy Conservation Day Commemoration

Dear all,

As part of our ongoing commitment to energy conservation and sustainability, the college will be shutting down power for one hour every year on Energy Conservation Day, which falls on December 14th.

During this hour-long power shutdown, all electrical appliances, including lights, computers, air conditioners, and other equipment will be switched off across the campus. We urge everyone to cooperate with this initiative and support our efforts towards a greener tomorrow.

This year's power shutdown will take place on December 14th, 2017, from 2:00 pm to 3:00 pm.

We request all faculty, staff, and students to plan accordingly and ensure that they save all their work on computers and switch off all electrical appliances before the power shutdown. We also encourage everyone to use this time to reflect on their energy consumption patterns and think of ways to reduce their carbon footprint.

We appreciate your cooperation and support in our efforts towards a greener and more sustainable future.
