To
Rahul Kumar

Date : Jan 28, 2023

This letter is to confirm that **Mr. Rahul Kumar** has successfully completed the internship with **Alpha Labs Tech PVT LTD** in the field of HR recruitment.

The Internship took place from **27/12/2022 to 26/01/2023**.

During the internship, he was responsible for the following tasks:

- Assisting in the recruitment process by screening resumes and conducting initial interviews
- Helping to design and implement recruitment strategies
- Supporting the HR team with administrative tasks
- Participating in the selection process for new hires

He performed the duties to the satisfaction of the company and showed a strong understanding of the recruitment process. He communicated effectively with candidates and provided valuable input during the selection process. He also had good organizational skills and attention to detail.

We would like to recommend him for future employment in the field of HR recruitment. We believe that he has the skills and potential to make a valuable contribution to any organization.

KMF MEGA DAIRY, CHIKKABALLAPURA

Introduction:

Karnataka Cooperative Milk Producers' Federation Limited (KMF) is the Apex Body for the dairy co-operative movement in Karnataka. It is the second largest dairy co-operative amongst the dairy cooperatives in the country. In South India it stands first in terms of procurement as well as sales. One of the core functions of the Federation is marketing of Milk and Milk Products. The Brand "Nandini" is the household name for Pure and Fresh milk and milk products. KMF has 14 Milk Unions covering all the districts of the State which procure milk from Primary Dairy Cooperative Societies(DCS) and distribute milk to the consumers in various Towns/Cities/Rural markets in Karnataka.

SOFTWARE REQUIREMENT SPECIFICATION

Do they have any software?

Yes, after interaction with general manager of KMF we got to know that they are using a particular software to maintain production activities.. Currently they are using software called SIEMENS SOFTWARE. This software helps manufacturers become digital enterprises by enabling them to digitalise and integrate their entire industrial value chain through PLM solution manufacturing operations management solutiON AND II EQUIPMENTS.

Siemens software classified into two type:

1. Scada
2. vinCENT

Principal
International Institute of Business Studies
75, Muthugachairi, Jala Hobli,
Bangalore North - 562 157.

Why scada?

SCADA (supervisory control and data acquisition) is a category of software applications for controlling industrial processes, which is the gathering of data in real time from remote locations in order to control equipment and conditions. SCADA provides organizations with the tools needed to make and deploy data-driven decisions regarding their industrial processes.

Why vinCENT?

Created by experts with more than a centuries worth of experience in the home care and software industries. MEDsys Software gives you the tools to maximize operational and financial performance so you can manage your agency effortlessly.

What is the qualification required to handle seimens software:

- Engineering technology
- Dairy technology
- Computer application

How the software is helpful for KMF diary:

They are using this software to handle

Pneumatic walls

Water walls

Milk walls

Chemical walls

Purification walls

- WHY WE HAD TAKEN MOPSHOP COMPANY?

Mop Shop constantly strive to add value to our customers by providing the most cost-effective solution with the highest level of service. It's as simple as that. Satisfying our customers' needs is our primary focus. Being the leading supplier of cleaning, hygiene and associated products, we benefit from the associated economies of scale compared to many other suppliers. Ultimately this lower cost base is used to deliver competitively priced leading branded products to you. As suppliers of leading branded Kimberly-Clark paper, gala Brush, we are able to offer a complete product and service support package to match your exact needs. We undertake to stock the majority of products featured in our catalogue at our warehouse. More specialist items however, may only be stocked at certain branches according to customer demand or are special order products.

- DO, THEY HAVE THEIR OWN SOFTWARE?

YES, They have their own software and the name of the software is SBS(Smart business solution) .

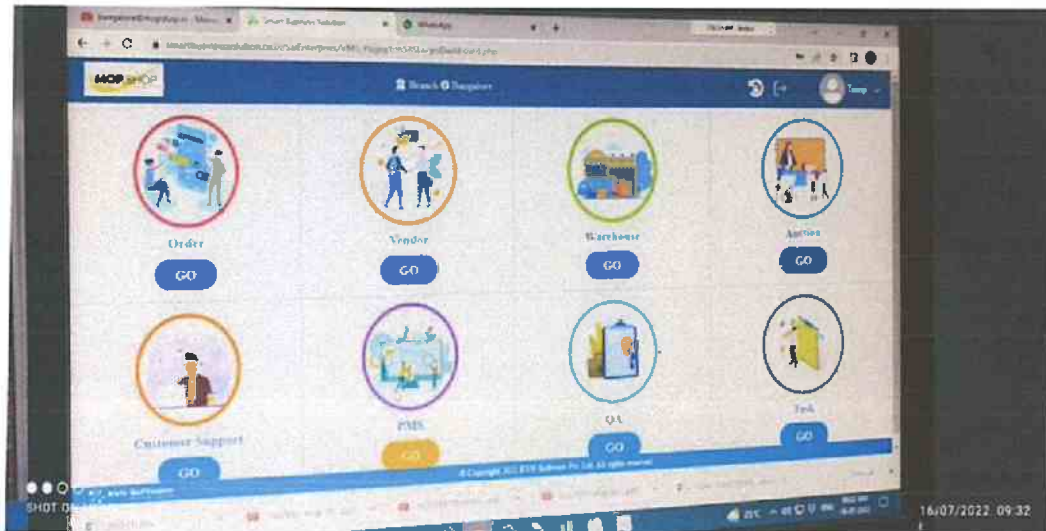

This is the logo of their software.

- What is use of this software?

Smart business solution act for them as doing an accounting purpose. The manager used to get accurate mrp of the product. Even he can used this

software in any place and time by its phone. He just wants insert his mail id and password. Thia software is provided by mop shop company only for the manager of the particular location. The are many applications of software.

- **ORDER:**

In this the company the customer will select the product and they will order in a bluck. The product which is order by a customer to check the status of the product. It will show what product is picked by a customer and what is the price of the product. And how much mrp is kept by the customer for the product. Eg if the customer is buying a product which the market price \$4 and he required it by \$3.5. then the mopshop will provide that product in cost of customer but he will check the product is available or not. If the product is available then the mop shop will give the product to the customer but the condition will be keep by the company so tht customer must and should buy this product in bluck amount so tht even a company will get profit from that money.

Principal
International Institute of Business Studies
75, Muthugacahalli, Jala Hobli,
Bangalore North - 562 157.

- **VENDOR MANAGEMENT:**

Vendor management is a discipline that enables organizations to control costs, drive service excellence and mitigate risks to gain increased value from their vendors throughout the deal life cycle.

The vendor management process is a series of strategic and tactical activities that companies use to manage and collaborate with vendors. This includes setting objectives, establishing vendor selection criteria, negotiating contracts, strategizing for risk reduction, and controlling for cost and delivery.

- **WARE HOUSE:**

Principal
International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

A building, or a part of one, for the storage of goods, merchandise, etc. British. a large retail store. a building, or a part of one, in which wholesalers keep large stocks of merchandise, which they display and sell to retailers. The goods will store in the warehouse so that the at any cost of time the product should available to customer. The product which is not in warehouse they will contact to main branch and the main brand of the company will contact to manufacturing factory and they will provide this product with in 1 week in a bulk amount after that the company will accept the customer product.

- **AUCTION:**

Auctioning means selling a product or service to the highest bidder. The final price is achieved when a particular end time of the auction is reached or when no higher offers are received. This allows the company to sell at the highest price acceptable to the customer. The customer benefits from the opportunity to influence the price of a product.

Principal
International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

There are four major auction types:

- (1) the ascending-bid (open, oral, or English) auction.
- (2) the descending-bid (Dutch) auction.
- (3) the first-price, sealed-bid auction.
- (4) the second-price, sealed-bid (Vickrey) auction.

- **The ascending-bid auction:**

In it, the auctioneer opens the bidding at a reserve price (which may be zero), the lowest price he is willing to accept for the item. Once a bidder has announced interest at that price, the auctioneer solicits further bids, usually raising the price by a predetermined bid increment. This continues until no one is willing to increase the bid any further, at which point the auction is closed and the final bidder receives the item at his bid price. Because the winner pays his bid, this type of auction is known as a first-price auction.

- **The descending-bid auction:**

It also a first-price auction, is descending. That is, the auctioneer begins at a high price, higher than he believes the item will fetch, then decreases the price until a bidder finally calls out, "Mine!" The bidder then receives the item at the price at which he made the call. If multiple items are offered, the process continues until all items are sold.

- **The first-price, sealed-bid auction:**

In this mechanism, each bidder submits a single bid in a sealed envelope. Then, all of the envelopes are opened and the highest bidder is announced, and he receives the item at his bid price. This type of auction is most often used for refinancing credit and FOREIGN EXCHANGE, among other.

Principal

- **The second-price, sealed-bid (Vickrey) auction:**

As in the first-price, sealed-bid auction, bidders submit sealed envelopes in one round of bid submission. The highest bidder wins the item, but at the price offered by the second-highest bidder (or, in a multiple-item case, the highest unsuccessful bid).

- **CUSTOMER SUPPORT:**

Customer service is the direct one-on-one interaction between a consumer making a purchase and a representative of the company that is selling it. Most retailers see this direct interaction as a critical factor in ensuring buyer satisfaction and encouraging repeat business.

KEY TAKAWAYS

- Customer service is the interaction between the buyer of a product and the company that sells it.
- Good customer service is critical to business success, ensuring brand loyalty one customer at a time.
- Recent innovations have focused on automating customer service systems but the human element is, in some cases, indispensable.

Principal

International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

- **PMS (PROPERTY MANAGEMENT SYSTEM):**

A **Property Management System (PMS)** takes care of the day-to-day front-desk functions of an accommodation business. These tasks could include managing bookings, check-in and check-out, billing, budgeting and accounting, inventory management, reporting and guest information.

PMS is also used in manufacturing industries, local government and manufacturing. A property management system is sometimes referred to as a hotel operating system or hotel OS. This is used for management the product with the price of customer and the product how much it should be given to the company. The company will buy a product in other to give to customer in how much price that the customer should get satisfied by the company.

- **QA(Quality assurance):**

T. Jamm

Principal
International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

Quality assurance (QA) is any systematic process of determining whether a product or service meets specified requirements. QA establishes and maintains set requirements for developing or manufacturing reliable products. In this the customer will accept the product depend upon his quality. If quality is well and the product will used for long period then customer will by this product in low price and bluck amount.

Quality assurance comprises administrative and procedural activities implemented in a quality system so that requirements and goals for a product, service or activity will be accomplished.^[3] It is the systematic measurement, comparison with a standard, and monitoring of processes in an associated feedback loop that confers error prevention. This can be contrasted with quality control, which is focused on process output.

● TASK MANGMENT:

Task management is an activity in which an individual or team leader tracks a task throughout its life cycle and makes decisions based on the progress. Task management is done using software tools that help effectively organize and manage tasks by using functions such as task creation, planning and assignment, tracking and reporting. Task management tools are used to track personal, group or shared tasks. The tools may be free or premium software applications, and run in either standalone, LAN-based or Web-based mode. The size and functions of the tools depend on the requirements of the task and on whether they are used for an individual, small-sized or medium-sized business or for a corporate task management's activity.

PACKING OF PRODUCT:

This is how they will make the packing of the product. The product will be packed in strong cardboard boxes so that it would not get any damage during the delivery. They will pack a huge amount of product after a packing of products which is needed for the customer. Then they will bill the product. And there will be 2 copies, one they will keep in the packed bag and the other one with the company. The product will be delivered within 2 or 3 days, as per the need of the customer.

- Why we chose Namma Metro?

Principal

International Institute of Business Studies

75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

Namma Metro, also known as Bengaluru Metro, is a rapid transit system serving the city of Bengaluru, India. Upon its inauguration, it became the first underground metro system in South India. Namma Metro has a mix of underground, at grade, and elevated stations. The system runs on standard-gauge tracks.

As Namma Metro is one of the important means of transport for Bangaloreans, we thought of knowing the software/applications and their features used to provide services for their customers.

- **Do they have an application?**

Yes, we had a brief conversation with an executive staff and found out they used an android application and a web application.

1. About their web application:

They provide services through their official website [Namma Metro - Home \(bmrcl.co.in\)](http://bmrcl.co.in) and the features of this web application are

Principal
International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

- What are the technologies used in Namma Metro to issue journey tickets?

1. NFC Token (One Time Use)

Nowadays metro tokens use a passive **RFID tag**. When they get in the contact of the radio wave field, they are powered and transmit some signals which are read and can be written when required.

- Tokens are used as single journey tickets.

T. J. J.
Principal

International Institute of Business Studies
75, Muthugachalli, Jaija Hobli,
Bangalore North - 562 157.

- These are captured by gates during exit.
- Suitable for casual travelers

Rules for Tokens:

- The maximum number of tokens which are to be issued by the Ticket office operator to a single passenger at a time is six.
- The tokens are captured at exit gate on completion of the journey.
- Token period / validity of token:
 - Any type of token is valid only for the day of purchase.
 - This will be valid for use at the entry gate not more than 30 minutes from the time of sale.
- Token Sales Station is the entrance to the travel station
- Overstay Rule: A passenger holding a valid ticket has to exit from paid area of same station within 20 minutes and from paid area of other stations within 120 minutes. For overstaying in paid area beyond these limits, a penalty of Rs.50/- per hour is charged, subject to a maximum of Rs. 100/-.
- If the traveler takes away the token from the exit door without paying the deposit of Rs. 200.00 is penalized.

2. NFC Cards (Lifetime Per Customer)

These cards are of same technology like that of a token. The card consists of an RFID tag. This card is prepaid and hold the information of available balance and also can be used to track the entry and exit point of a user, then the fare is calculated between these stations and the fare is deducted from the available balance.

Types of Smart Cards are following.

- **Namma Metro Travel Cards**

Principal

International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bangalore North - 562 157.

- Contactless Smart Cards available for Rs. 50. The travel value is different from the cost of card.
- Benefits of Contactless Smart Cards:
 - Buy only once and travel without hassle of buying ticket every time you travel.
 - Load either value or trips on card as per your convenience.
 - Get 5% discount for smart card, over token fare.
 - Wide options to top-up value 24 X 7, apart from stations.
- **Combo Cards**
 - Combo card is a single card with a Contactless chip and a Magstripe for ticketing and banking applications respectively issued by partner banks. BMRCL has tied up with Federal Bank and ICICI bank for issue of Combo cards.
 - Benefits of Contactless Smart Cards
 - Buy only once and travel without hassle of buying ticket every time you travel.
 - Load either value or trips on card as per your convenience.
 - Get benefit of discount upto 5% over token fares.
 - Wide options to top-up value 24 X 7, apart from stations.
- **Stored Value Tickets (Varshik)**
 - These are used for performing multiple journeys.
 - The user can load an amount in multiples of Rs 50/- upto a maximum of Rs 3000/- into the Card.
 - The stored value in the ticket decreases to the extent of journey performed.
 - Get 5% discount for smart card, of the Token fare

Rules for Stored Value Ticket (Varshik):

- **Topping-up:** Currency value can be added to Smart Card at any BMRCL Ticket counters. Currency value can also be added to Smart Card through BMRCL website or Mobile One App or Net banking (selected banks ONLY). However, after initiating recharge through BMRCL website or Mobile One App or Net banking Smart Card has to be presented to entry side of Automatic Gate (AG) of any BMRCL metro station, within 60 days, for the recharge to be credited to the Smart Card. Otherwise the recharge amount lapses.

Principal

Principal Institute of Business Studies

75, Muthugadahalli, Jaia HOBB,
Bangalore North - 562 157.

- **Remaining value:** After each journey, the stored value on the card shall get reduced by the amount fixed for the journey performed. The balance amount resides in the card.
- **Denomination of Stored Value Ticket:** The top-up in case of Stored Value ticket shall be minimum Rs50 and further in multiples of Rs50. The cost of contactless smart card is Rs50 which is different from the stored value.
- **Total maximum stored value:** Total maximum stored value on a smart card is Rs 3000/- when top-up done at BMRCL metro stations. However, when top up is done at other outlets i.e. through BMRCL website or Mobile One App or Net banking (Selected banks ONLY), the stored value is Rs 2500/-. *(After initiating recharge through BMRCL website or Mobile One App or Net banking Smart Card has to be presented to entry side of Automatic Gate (AG) of any BMRCL metro station, within 60 days, for the recharge to be created to the Smart Card. Otherwise the recharge amount lapses.)*
- **Stored Value Travel Discount:** Get 5% discount for smart card, over token fare.
- **Overstay Rule:** A passenger holding a valid ticket can exit from paid area of same station within 20 minutes and from paid area of other stations within 120 minutes. For overstaying in paid area beyond these limits, penalty of Rs 50 per hour is charged subject to a maximum of Rs 100.
- **Minimum Balance on Stored Value ticket for travel:** A passenger will be allowed to enter the system even if the smart card has a stored value equal to minimum fare on the Metro. The passenger is advised to ensure that he has sufficient balance to complete the journey. In case journey is performed for distance for which balance amount is not available, the card can be topped up at Customer Care to enable exit from gates.
- **Minimum fare charged:** A passenger holding Stored Value ticket will be charged minimum fare for exit from the same station (if not overstayed).
- **Default ticket in all CSC:** Stored Value Ticket is default ticket available in all Contactless Smart Cards sold by BMRCL.

• Our Experience

We reached the Baiyappanahalli Metro station with a hope of contacting the manager. But unfortunately it wasn't easy to get in contact with the manager of namma metro and when we enquired same with the customer care of Namma Metro we were given opportunity to ask our quires to one of the assistant Staff of namma metro at the station itself.

As the data is very confidential we weren't able to gather sensitive information like:

- Programming languages used in their software
- Other Applications used by the ticket counter staffs
- Cloud Services used by namma metro
- Information related to software structure or architecture

Principal
International Institute of Business Studies
75, Muthugadahalli, Jala Hobli,
Bengaluru, Karnataka 560037

We enjoyed the group experiential study assigned by our college and gained a lot of knowledge about how a software is essential part.

- **Project outcomes:**

We gained knowledge about:

- Types of software used by Namma Metro
- Features of their web-application
- Features of their android-application
- Missing features that customers may need
- Technologies used in Namma Metro ticket counters

Heartly Thanks To

Our management, beloved principal and BCA HOD for giving us an exciting opportunity to work on our project Experiential Study which helped us to know the working of Namma Metro Software and its technology.

Last but not the least we also thank BMRCL, Namma Metro for assisting us through their customer executive on permitting us to ask our quires and account them for our project.

TO WHOM SO EVER MAY CONCERN

This is to certify that the **ABHISHEK.Y.M.** (Reg No: **C2015601**), B.com 5th Sem Student of IIBS College Affiliated to Bangalore city University Bangalore, has done his Community Service in our Organization for 2 weeks from Dated: 14-10-2022 to 24-10-2022.

He was able to learn and Contribute towards the development of differently able children, street children, aged and children with special Needs in our operational areas.

During this period for his internship with us, he was exposed to different process and was found diligent, hard working and inquisitive. We Greatly Appreciate his concern and commitment towards the children with special needs and aged people.

We Wish all the best for his future endowers
