November 5th, 2022

International Institute of Business Studies (the "Client") has agreed to engage NoPaperForms Solutions Pvt. Ltd (the "Company") to automate their admission process. The Company will enable Standard Plan & Enrollment Cloud at Client's end confined to the scope and features mentioned in the deliverables enclosed. For application purpose, Applicants may choose to pay form fee using either Online/Offline or DD based payment method. Online payment options shall be in the form of debit/credit cards and net banking. For online payment, the complete payment process will be through Master Payment Gateway System. The Company's enrollment management solution, offered to participating schools and colleges, is 100% web-based and requires no installation of software/hardware.

#### Non-Disclosure Agreement

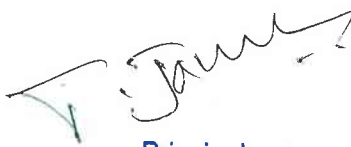

At NoPaperForms Solutions Pvt. Ltd., we value data privacy and understand the Client's need to keep applicant information confidential. NoPaperForms Solutions Pvt. Ltd. has leased highly-secure cloud server architecture from providers like, US-based Amazon Web Server, which is rated the world leader in secure cloud computing by Gartner Research. Our cloud platform uses the SSL encryption for ensuring secure connections between servers and the browsers. This agreement bounds both the client and the company not to disclose any confidential information in whatsoever circumstances through whatsoever medium without consent. This includes Candidate Information, Terms and Conditions, Commercial agreement or any other sensitive detail to either business.

#### Duration of Contract

The contract will be valid for one academic session or from "October 1st" 2022 – September 30<sup>th</sup> 2023", whichever ends earlier. After the contract completion, it will be renewed upon mutual consent of both the parties. The renewal date for the contract will be 30 days in advance to the expiration date.

After the end of each session, client must take a complete backup of the data 15 days before the start of new session or within 30 days of ending of the preceding session. Upon receiving a formal sign-off from the Client on data backup, the data will be completely purged from the system.

Occasionally, you get the opportunity to transform what you consider normal. Once you do that, you cannot imagine life without having made the transition. At Tally, over the last 30 years we have been making software that tries to give you this experience -while helping you automate your accounting, inventory, compliance, etc.

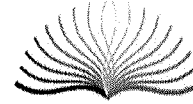

In the last few months, we have been working towards reimagining the familiar experience of Tally and are now proud to share our new product –TallyPrime, with you.

While there are several experiences that we have introduced in TallyPrime, here are a few that we believe will make you never want to go back to any older version.

### **Let me take you through the key experiences of TallyPrime**

- You can now quickly access your business data through different reports and conveniently switch between them no matter where you are in Tally using our new Go To Feature.
- You can now handle interruptions during data entry and multi-task better. You will be able to perform actions like Printing, Emailing & Exporting any reports from wherever you are in Tally, without abandoning your current tasks using the Top Menu.
- With TallyPrime, it is now super easy to generate reports as per your needs. New actions like change view, basis of value, exception reports, which are available across all reports, will allow you to view all the related and exception reports to get better business insights.
- Recording your vouchers and masters in Tally Prime is extraordinarily simple and intuitive. With feature like More Details you can now easily handle any exceptional situations in day to day working. This means less effort and time in getting work done.
- Printing out your invoices and reports is not only much more convenient in TallyPrime with the print anything from anywhere capability, but also eco-friendly. You can now save up to 80% of paper with the optimized way of printing when it comes to specific vouchers like GST invoice
- It is much more convenient & faster now to access data of different companies in TallyPrime. You can now load multiple companies with the same credentials using a single-sign-on facility.
- Introduction of windows key combinations like Ctrl+C, Ctrl+V for harmonization.
- Mouse compatibility has been enhanced in the product so you can use the product as comfortably as you use it with the keyboard.
- Introduction of Single Sign On experience so you can load multiple companies with the same credentials using a single log-in.

## Easylib 6.4a & 7.2a ERP Cloud Version – Usage Terms

---

### 1. Intellectual Property

- Easylib software is intellectual property of Easylib Software Private Limited. The software can be used only at the specified college or organization. Usage at a non specified place requires additional licenses to be purchased.
- Easylib Software license pricing is derived based on number of library staff, college staff, number of books, number of students, number of digital material etc. as specified in the quotation. Any overage must be informed up front and additional license needs to be procured. Backdated charges shall be applied if breach is found later.
- The client agrees to not take up any activity that compromises with confidentiality and intellectual property of Easylib software and additional material supplied.

### 2. Software Features, Functionality and Usage

- The software is being supplied in the current condition as a product. Bugs in the software are fixed free of cost.
- Any software changes requested shall be reviewed on a case by case basis on how it will fit the Easylib product roadmap, impact to the existing functionality, impact to the already scheduled changes, any applicable charges and expected delivery date. All enhancements requested are out of scope for this proposal.
- Easylib responsibility is to provide relatively robust software, maintain the installation and provide assistance in smooth running of the software. It is expected that library staff understands the functionality while using the software.
- It is sole responsibility of the college staff to ensure necessary access rights are monitored. Creation of generic ids and sharing of credentials between staff is strictly discouraged.
- Limitation of liability on any cases of bugs or issues in the software or service is limited to the purchase price or subscription fee of the software for the year. Whereas Easylib follows good practices and takes necessary precaution to keep the server always on and adequately safeguard it, Easylib shall not be held responsible for consequences of inability to use the software in case of any downtime that may occur due to things that may or may not be under Easylib control or Acts of God.

### 3. Cloud Version and New Features

- The software server sizing is based on volumes provided and up to 25% increase in the collection size. When the volumes increase, college needs to inform up front so that adequate provisioning of the server is done.
- In Easylib 6.4a Cloud, by default, concurrent login of students is designed for 1/20<sup>th</sup> of the students count at a time up to a maximum of 50 concurrent logins. In case the volume is expected to be high during certain time, client needs to inform Easylib up front at least one week in advance. Easylib 7.2a ERP concurrent logins vary.
- Easylib has scheduled daily evening data backups and they are maintained in different cities. In case of any server crash, data shall be available as of last backup. Client may also request a copy of the data be copied to their local servers on as needed basis.

#### 4. Customer Service

- Service is provided based on tickets raised in the order of the tickets raised across the shared resources. Usually every ticket is responded within 24 hours and resolved within 5 days. During the heavy load times, response and resolution may get delayed.
- Service phone numbers are +91-98440-81710 and +91-98443-49606. In case of emergency, these numbers may be called if there is a delay in calling back after the ticket is opened. However repeat continuous calling without opening a ticket or continuously calling of personal numbers of support staff is highly discouraged.
- In most cases, client tickets must be opened as Production Issues only. Other types of tickets are for Easylib internal use.
- Access to the ticketing system is provisioned within Easylib software itself. Help must be sought if there is a difficulty in opening a ticket. Always a ticket must be created when service is needed, even when you report a request verbally or by email.
- Service calls may be recorded for training and evaluation purpose. Those recordings may be provided to you when desired if recorded and available.

#### 5. Financials and Payment Terms

- Cloud charges i.e. Annual Hosting and Maintenance Charges are due in the beginning of the year and must be paid in full before the expiry of the due date.
- If hosted service is discontinued or renewal is not processed, data shall be available for download for up to 30 days. After that period, automatically software access is revoked if the renewal does not take place. Easylib support staff does not have authority to provide support on an expired account or extend it.
- Slight changes to annual pricing may be done based on inflation and US Dollar to INR Conversion Rate.
- Unless otherwise mentioned in all quotations, GST charges of 18% apply. Easylib service subject to Bangalore jurisdiction. Quotations are valid for a maximum of 30 days.
- All bills generated by Easylib Software Pvt. Ltd. shall have GST component. The clients seeking GST input credit must mention their GST number in the purchase order.
- Easylib GST: 29AAACI4648D1ZM and PAN No : AAACI4648D
- When TDS is deducted, kindly send intimation or Traces acknowledgement

## E-Governance Policy

International Institute of Business Studies has since the last few years been automating the various operations in an integrated manner in order to provide efficient and effective governance within the institution. The Management has committed to adopt and implement e-governance in all possible areas of functioning including accounts, administration, communications, student's admissions, library, teaching - learning and evaluation, etc.

### The major objectives of the E – Governance policy are:

- To implement E-governance in various functional activities of the institution
- To achieve efficiency in academic and administrative activities thereby promoting transparency and accountability
- To facilitate online internal and external communication between all stakeholders of the institution
- To provide easy access to information whenever needed

### Policy:

The institute will implement e-governance in all significant areas such as library, accounts, admission of students, administration, examination, teaching and evaluation, etc. The policy is designed to make the institute's functioning efficient, effective, transparent and accountable.

### Areas of E-governance:

IIBS has successfully initiated and implemented e - governance practices in the areas of college website and its administration, support system in student login and information webpages, Accounting, Institutional ERP administrative software, Library etc.

**College Website:** The institution's website will act as a portal disseminating information about the college, Programmes and courses offered by the affiliating University, notices and circulars, events and activities including seminars, conferences, workshops, other university correspondences etc. For this purpose, a separate service provider/web

designer will be appointed by the Management / Principal. Training will be given to the system's administrator and other staff concerned to maintain and update the website. A Website Maintenance Committee will take care of the administration, working, updation and maintenance of the college website on a regular basis. All the important notifications / reports will go live on the website as well as past events and other information will be archived as per existing standards.

**Student Login and information webpages:** Transparent procedure for the admission process is followed and implemented as per the regulations of Bangalore City University. The College Prospectus will be displayed on the institution's website along with the guidelines for admission process. A dedicated admissions tab will be used to manage the admissions in the college. Detailed stages involved in applying to the programme, (Online Application Form) including the number of students applying, sanctioned intake, payment of fees, etc. will be through the institute's portal.

**Accounting:** International Institute of Business Studies (IIBS) has introduced an upgraded version of TALLY to manage Finance and Accounts operations. The accounting module enables and support tasks which are taken on day-to-day basis. This software will enable faster access to the reports and has enhanced security.

**Administrative Software:** Dhi is the Enterprise Resource Planning (ERP) Software used in the college for correspondence and communication, internal examinations,

entry of Continuous internal assessment marks, classroom activities and Online Learning Platforms. The system will allow the faculty and parents to track and check the CIA and attendance of students. The institution will develop a Learning Management Software to enable the teaching-learning process to become more efficient and effective through blended mode (Online and Offline).

**Library:** International Institute of Business Studies (IIBS) library is automated from 2016 using Integrated Library Management System with the support of **Easylib Cloud** version. LAN and Wi-Fi connections in the library will provide easy access to learning resources. E-resources can be accessed through J Gate, EBSCO, Proquest, Delnet, and National Digital Library of India (NDLI) - a customized interface designed for the institution makes it possible for students and faculty to access all digital resources at any time, from anywhere and on any device. Web OPAC (Online Public Access Catalogue) is available for easy access of the online resources. The link is added to the institutional website.
